

I SPY Outdoor Adventures

What is the name of this insect? What does it eat? What does it do to protect itself?

What is the white thing resting on the flower bush? How do you think it got there? What kind of animal did it come from?

What kind of animal is smiling for the camera? What does it eat? Why is he the same color as the dirt and rocks?

What animal do you see resting in the shade?

Life Drawing Activity
Draw what you see resting on the tree trunk.
